

## Susie Dyer

Studied Economics and Government at Sweet Briar College (1991) and Business at Harvard (1997). She has 20 years of active leadership with the Junior League of Charleston, Boston, Palo Alto, Annapolis & Seattle. While in Boston, she participated on the Board for the Cambridge Skating Club. While raising her boys on the west coast, she created and led the first Board of Directors for Carden Country School. She then led fundraising and auction committees for the Seattle Junior Hockey Association and the Bear Creek School. In the Berkshires, Susie has enjoyed serving as a Mentor for Sisters For Peace, hosting special events for WOT, Multicultural Bridge & Walnut Woods, volunteering with the Egremont Garden Club, rescuing retired labrador retrievers, and now serving on the Board of Walking Our Talk! Susie's nonprofit board experience includes governance, nominating, finance, budget/audit, membership/Alumni, and program/special events. She has also retained and worked with consultants regarding governance and fundraising.

On WOT's Board, Susie is involved with the Development Committee. She will also support Community Relations & Events. She is interested in both "outreach" (to increase the diversity of our sisterhood, starting with an alliance with Multicultural Bridge) as well as "inreach" (creating more fellowship opportunities for WOT sisters, facilitating diversity training for our leaders, etc). Susie feels passionate about keeping WOT circles safe, and remains available to assist sisters with special needs or concerns.
